## Opening this Fall!

DCC's new southern Dutchess facility will offer a state-of-the-art learning environment, flexible scheduling options and the convenience afforded by its location at the intersection of Route 9 and Interstate 84!

**DCC @ Fishkill** will serve both traditional students and those starting or returning to college after a gap in their education. While the College will offer courses previously available at the Wappinger location, it will provide additional opportunities regarding scheduling, advising, workforce development programs and enhanced focus on the academic areas of business, criminal justice and information technology.

You soon will be able to take courses in Fishkill, at our Poughkeepsie campus, as well as online!
